The esteemed Durham Sun says: "The scientist now declares that fleas are the infecting agents in leprosy. Many can agree that they are an effecting agent in insomnia." Not that the Sun editor ever tried to sleep with 'em but it just shows that he can come to the scratch on most any subject.

Now some paragrapher ups and says "suicide is becoming a grave problem of modern society." It always was a grave one for the fellow who "shuffles off this mortal coil" in a fit of despondency, or while laboring under mental abberation, or gets tired of life on account of his failure to perform the stunt of making both ends meet.

The crater of Mauna Loa, a big volcano in the Sandwich islands, is 20 miles wide, and sometimes this enormous hell-hole pours out a stream of lava that flows for 50 miles distant. We'd hate to see anybody pitched into a terrible hole like that but we don't know whether we can hold the people back or not if the carnival of graft and corruption in high places does not ease off.

STORY OF CONVICTS

Further Investigation by County Commissioners Into Cruelty at Castle Haynes.

VERY LITTLE NEW TESTIMONY

"The New Hanover Odessa" Not so Horrible After All—Out of the Mouths of Prisoners Themselves—Counsel Present.

The hearing of testimony in the convict inquiry before the County Commissioners was resumed at 2 o'clock yesterday afternoon and continued until after 6 P. M. The witnesses examined were all of those possible to get from the list of names furnished by Mr. Preston Cumming, instigator of the sensational charges which have now been under public discussion for more than a week.

The evidence yesterday was taken by Miss Stella Shrier, expert stenographer, and an added feature from previous hearings was the presence of Foreman Hocutt and his counsel, Herbert McClammy, Esq. The witnesses were first thoroughly examined by the Commissioners and then turned over to Herbert McClammy, Esq., for cross examination. It is prejudicial to the interests of no one nor does it do violence to public morals to say that every instance of the least suggestion of ill treatment was completely broken down on cross examination of the witnesses by Mr. McClammy.

John Watson was one of the first witnesses and his story on direct examination was very sensational, but when cross examined, considerable of the color was gone and Mr. Watson frankly admitted that personally he seemed to be treated all right. He admitted that he had taken at least two drinks before coming into the room to offer his evidence. He identified the "instrument of torture" as the one used by the foreman in whipping convicts. He told a sensational story of a boy thrown from an embankment and wheelbarrows of dirt thrown on him, but other witnesses, among the ex-convicts, testified that the boy accidentally fell from a gang plank and other prisoners following him on the plank either for sport or spite, or by accident, allowed their wheelbarrows to dump over on him. The boy soon recovered and was lively as a cricket the next day.

The most interesting witness was George Roderick, who admitted having served five sentences of 22 months in all for back costs, fighting and "changing the mark on a hog." He was perfectly frank in all his statements and only complained of not being able to get water at times. However, he admitted that when the attention of the guards was called to the matter, their wants were soon supplied. The cause of this was that the negroes, being in large numbers, usually got to the water first and either drank it all up as fast as it was brought or wasted it. He had been whipped only once, but no blood had been drawn from him. He saw blood drawn by the lash once and identified the whip exhibited as the one used or one "very much like it." The guards had two or three of those straps. He knew of one convict being whipped one day and dying that night. The body was kept until next day, but he couldn't say whether a physician saw the body or not. He knew nothing about the expression of a guard in regard to the knife test to see if a prisoner was dead. He had seen five or six convicts whipped a day; some of them were given five or six licks, others more and some less. He wound up his testimony by saying he had nothing to say against the camp. On cross examination he said if a convict worked and obeyed the prison rules, he generally got along all right. Witness himself had never been whipped for not working nor made to work when he was sick, though he said some of the others said they had been made to work when they were sick. He said he had been shackled once by Mr. Hocutt because of bad reports he had given of the camp to Mr. Wescott and Mr. Kerr, of the local Board of Charities. The white prisoners slept in one end of the camp and the negroes adjoining though there were partitions between the bunks. He said that he had ben made to work in the rain but said the guard stood in the rain, too, to watch them. He admitted having escaped from the camp once. The character of Watson and Mazingo, he said, was bad—"fully as bad as my own," he added. It took a rigid cross examination to get out of the witness the little affair about the hogs. He finally caved in, however, and said that he had been sent up for the "larceny" of hogs, not for "stealing" hogs. He said that L. Herring and Mazingo were in town, but he didn't know why they had not come to the Court House to testify as they had been summoned. He had seen Watson that afternoon and judged that he was drinking. His record at the camp was bad and his employment was largely that of making mattresses, etc., about the camp. He was not very good to work in the quarry and complained much of the time.

Mr. Hocutt was examined and said Roderick had been shackled once. It was just after the wholesale break of the convicts to escape, led by Hughes and Martin, a year or two ago and the shackles were put on Roderick with a dozen others to prevent a general break under the demoralization. Finally Mr. Hocutt said he decided Roderick didn't have the nerve to run and after a day, the irons were removed from him. Questioned, he said he had seen convicts of the State penitentiary working with the same kind of shackles on. He had never allowed the convicts to remain without water longer than possible and while he had administered some very severe whippings where he thought it was merited, he had never dealt with any one cruelly nor more than discipline required.

Mr. McClammy offered to introduce witnesses to prove the alleged treachery and vindictiveness of the witness, Watson, but the Commissioners said that was unnecessary and the Board adjourned until Monday. Commissioner Robertson suggested that inasmuch as the integrity of the commissioners, in a way, is concerned that the typewritten copy of all the testimony in the case be submitted to a committee of three reputable citizens to be passed upon. This suggestion may later be adopted. The report of the evidence will hardly be ready before the middle of this week.

CLANSMAN COMES TUESDAY

Interest on the Increase in Approaching Production of Dixon's Great Play—Matinee and Night.

The coming of no attraction to the Academy of Music this season has created quite so much enthusiasm among patrons of the local playhouse as has the announcement that "The Clansman" will be here Tuesday evening of the present week for matinee and regular performance in the evening. There is added interest to the play because it deals with a great problem in which the South is chiefly interested and because its author is the Rev. Tom Dixon, a North Carolinian and a vigorous champion of the Southern cause. Mr. Dixon is accom-

panying the show and a curtain call will doubtless give the theatre public an opportunity of seeing and hearing him again.

The play has been presented everywhere to record-breaking audiences and has brought forth a whirlwind of criticism, favorable and unfavorable. In this State the reception of "The Clansman" has been with rather more tolerance than across the Virginia border and many great men have advised the people of the State to see it. At the State convention of the United Daughters of the Confederacy this week at Morganton, "The Clansman" was endorsed and its author given a vote of thanks.

Seats will be on sale for the evening performance at Plummer's to-morrow morning at 7 o'clock and for the matinee at 3 o'clock to-morrow afternoon. The attendance at both performances of the production will doubtless be the largest of the season.

THE CARNIVAL NEXT WEEK.

Trained Animal Show With Jones-Adams Congress of Novelties.

The Jones-Adams Congress of Novelties and Exposition Shows, which will exhibit here under the auspices of the Red Men the week of October 16th, were in Greenville, N. C., last week furnishing the attractions for a very successful carnival. The company has had an experience of three years in catering to the amusement public and feel sure that they are this season better than ever prepared to win the plaudits of the people. They are featuring this season a menagerie which is said to contain a score of lions, tigers, leopards, pumas, bears, hyenas, wolves, cougars and a box full of monkeys. With them is a lady trainer of lions, Miss Iola Russell, and Madame Isolo, the daring bear tamer. These two ladies, of daring and dash, are billed to appear daily in the thrilling part assigned them by the managers of the big show, which has a dozen other attractions.

The carnival show will be found instructive as well as entertaining. Wild beasts, naturally fierce and many of them almost untamable, are safely but daringly brought under the dominion of men and women, not by severity of treatment, but by some mysterious influence which they themselves do not understand. It is worthy of study—this unexplained dominion of the human mind over animal instinct. There is no better place of studying it than at the big trained animal show which the Jones-Adams people will bring to the city next week with a score of others, novel, new and right up to the times.

EDUARD AMT WESSELL.

Well Known German Resident Passed Away Yesterday—Funeral.

Many friends in this city will hear with profound sorrow of the death of Mr. Eduard Amt Wessell, a well known and highly esteemed German resident of this city, which occurred yesterday morning at the J. W. M. Hospital at 6 o'clock after a brief illness. Mr. Wessell was 65 years of age and is survived by two brothers, both of whom live here and are well known business men. They are Mr. Charles Wessell and Mr. A. D. Wessell. Two sisters, Mrs. Eliza Duncan, of New York, and Miss Minnie Wessell, of this city, also survive.

LUMINA IN WINTER.

Under Management of Messrs. Gerken and Morrison—Features.

Lumina, the "People's Pleasure Palace," which was such a delightful retreat during the burning heat of Summer, is destined to become just as popular in Winter. From time to time mention has been made in these columns of the steps the Consolidated Company was taking to make the place comfortable the year throughout. Yesterday another most interesting announcement was made—one that will ensure for patrons of Lumina during the Winter the very best of service and the most courteous treatment. Reference is made to the announcement that the Consolidated Company has closed a trade with Messrs. H. J. Gerken and W. R. Morrison by which those two popular Wilmington gentlemen will have charge of the place and will conduct it in a thoroughly up-to-date and satisfying manner.

An informal opening under the new management took place yesterday afternoon when the guests of honor were Mayor Waddell, Aldermen Moore, Karr, Brown, Mr. Roger Moore and others in this city. The centre of attraction during the Winter will be the oyster roast establishment in connection with the place. An elegant dining hall where both ladies and gentlemen may be served, has been fitted up and other refreshments will be served in connection with the luscious bivalves. Experienced cooks and obliging waiters will be employed.

Every Saturday night during the Winter a dance will be given and on Sunday afternoons and evenings concerts will be given the same as in the Summer. Then there will be many other attractions, including the bowling alleys and machine devices Mr. W. R. Morrison will be in personal charge of the pavilion while Mr. Gerken will remain in the city to look after the business interests of the two at their store on Market street. The pavilion will be open daily from 2 P. M. until the last car leaves at night and all day on Sundays. Private parties, by conferring with either Mr. Gerken or Mr. Morrison, may secure the exclusive use of Lumina at such time as they may desire. It is probable that three days of each week will be set aside for private parties.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Sunday Morning, October 8.

GENERAL GOMEZ AND HIS MISSION.

General Jose Miguel Gomez, of Cuba, a defeated candidate for President of Cuba, arrived in New York about a week ago. It was cabled before he left Havana that he was disgruntled over the recent election in which his hopes went down and that he was coming to the United States to inform President Roosevelt that there exists in the young Republic the awful conditions that would warrant the United States to send troops there in accordance with the Platt amendment to our treaty recognizing the independence of Cuba. It was stated that Gen. Gomez would complain that the will of the Cuban people was defeated by fraud and intimidation at the polls and that there were disturbances and killings all over the island, creating such disorganization as to require United States troops to restore order.

Upon his arrival in the United States Gen. Gomez denied that he had come to see President Roosevelt upon the business alleged to be his errand, but many still attribute to him some such purpose. The Washington Star says about it:

"HIs complaint is that the moderates, with President Palma at their head and directing the manœuvers, are making a farce of free government; that honest folks are unable to secure justice, either in politics or the courts, and that it is the duty of the United States under the Platt amendment to exert its power in behalf of law and order.

"Speaking frankly, this man is on a fool's errand. In the first place, he and his friends are quoted as enemies of the Platt amendment, and anxious to throw it off. Do they not know that if it were applied at this time as they desire the final result would probably be the annexation of Cuba to the United States? Should American troops be landed in the island again to restore and keep the peace they would stay there.

"In the second place, General Gomez appears in American eyes simply as a poor loser—the sort of man who does not enjoy the sympathy or respect of the American people. He has been licked in the primaries, and he faces a licking in December, and he sets up a howl about fraud and force. The game is a familiar one in this country, and it invariably fails. He has thundered so in the index, promised such magnificent results at the polls, that the returns there so far obtained have paralyzed his sense of propriety. He thinks that Cuba has been knocked out, when, in fact, it is only himself. Gomez as a political factor is down, but the government at Havana still lives.

"While he will not accomplish the object of his mission, General Gomez, may while in America, if he keeps his eyes open, learn something to his advantage as a politican, and maybe derive a little personal comfort from it. A few campaigns are is progress with us, and growing spirited. The one in New York city will 'wake snakes.' Presently the air will be full of charges and counter charges, and the uninitiated will fear for the perpetuity of free government. But after the result is declared, and the poor losers with their yowlings have been laughed at, everything will go on smoothly, and flints will be picked for another try."

We have no doubt that conditions are considerably disturbed in Cuba, but so far there are no indications that the Republic is a failure. Our own Republic has gone through some disturbances and insurrections and even civil war and she is here yet. To the outside world perhaps the "whiskey insurrection" in Pennsylvania in the early history of the Republic looked like we were going to be a failure and the Mormon war and numerous feuds and killings all over the country for years made appear that a government like ours couldn't stand, and the enemies of popular government thought the thing had been settled when the civil war startled the world. Not so.

Considering our troubles, we are quite likely to give Cuba a chance. Even if we should happen to land troops there, it would be no reason for annexation. Cuba might have as many troubles and be torn by civil war like the great American Republic was in the sixties and then come gloriously through it. When the people of Cuba vote for annexation and apply for admittance is time enough to talk about it on our part.

The dear Alphonse ice man is about to bow out and let the dear Gaston coal man take the route.

SIGN OF THE TIMES.

The high cost of living in the United States and high prices for manufactures and materials used by the people have created a demand for a revision of the tariff. The sentiment has grown and will keep on growing until the Republican party is forced to grant relief or the Democratic party is given a lease of power to ensure it.

The action of the Republican State convention of Massachusetts on Friday shows which way the wind blows. The tariff reformers carried the convention almost unanimously and urged Congress to revise the schedules. Senator Lodge himself, one of the close friends of President Roosevelt, defended this action of the convention, and his position on the question may be significant of the wishes of the President. He may, however, have seen that the die was cast, and got as conservative action out of the convention as it was possible to do. The radical wing of the party under Mr. Foss demanded more specification but they took the compromise action as the next best thing to it.

The New York Journal of Commerce says of the tariff question:

"There is every indication that the coming session of Congress will be notable for an unusual discussion of tariff questions, but there does not now seem to be the least likelihood that any action will come of it. The interest displayed and the reported shifting of sentiment and new divisions of opinion afford indubitable evidence that a movement in the country toward a modification of our policy, either by revision of the tariff or by reciprocity treaties, is forcing itself upon the attention of politicians and legislators. It cannot be suppressed or ignored, and it is certain to find expression in the chambers of legislation. It is possible to obstruct and defeat action, but it is not possible to suppress debate. In the Senate, with its unwritten rules of courtesy, anybody can talk upon any subject at almost any time; and when the House is in committee of the whole on the State of the Union for the consideration of any measure, it is a common practice to make scant reference to that measure and branch out upon any subject which the member in possession of the floor has most at heart.

"The very agitation that has been going on in the country is calculated to produce division in Congress rather than bring a majority together in support of any measure that can be proposed. Those who are determined to 'stand pat' upon the tariff will probably be reduced in numbers but confirmed in zeal by the peril in which their doctrine is put. They will constiute a solid phalanx of oppsition to action, and they are likely to have with them the Speaker of the House, in which all revenue measures must originate, and the chairman of the Ways and Means Committee, to which they must be referred. Those who are in favor of changes in our tariff policy are not agreed. Some are for moderate revision, for tinkering certain schedules, and some are for far-reaching changes. A new factor has appeared with the proposals for reciprocity originating outside of the circle of politicians and members of Congress. These people will get a cold reception, but they cannot be kept out, and they will contribute to the talk."

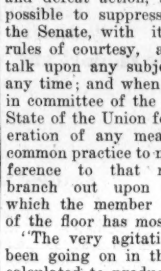
ANY FOOL

Knows enough to carry an umbrella when it rains, but the wise one is he who carries one when it is only cloudy.



Any man will send for a doctor when he gets bed-fast, but the wiser one is he who adopts proper precautionary, preventive and curative measures when first appear the ills which, if unchecked and uncured, grow into serious illness.

Impaired digestion and nutrition are generally the forerunners of a nervous or functional break-down.

Nature has provided remedies most abundantly for all such conditions in our native medicinal plants. With the use of chemically pure glycerine, of proper strength and at a proper sustained temperature, Dr. Pierce extracts from Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root, medicinal principles which, when combined in just the right proportions, constitute his widely famed "*Golden Medical Discovery.*" It restores the tone of the stomach, the activity of the liver and the steadiness of the nerves, pouring vitality into the blood till the once sick and debilitated one is so renewed in health, strength and power that he can resume his work, whatever it is, with vigor and elasticity.

All medical authorities, of whatever school, agree that Hydrastis, or Golden Seal—one of the essential roots in the make-up of Dr. Pierce's Golden Medical Discovery—is of very great value as a pure tonic, and as an alterative—valuable in chronic affections of the stomach, intestines and bladder.

Pierce's Pleasant Pellets. Not only the Original but the best Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce, have been much imitated but never equaled, as thousands attest. They're purely vegetable, being made up of concentrated and refined medicinal principles, extracted from the roots of American plants. Do not gripe. One or two for stomach corrective, three or four for cathartic.

MONTHLY PAINS?

Read This

"Death is no worse than the pains I suffered at my monthly periods," writes Mrs. Sarah G. Butts, of White Plains, Va. "I tried many medicines without relief, but Cardui cured me, and I am now better than for 15 years."

Periodical pains will certainly make you lose all your good looks, and quickly make you old, before your time. Do not suffer. Refuse to be a victim. You can be cured and your functions made as regular, easy and painless, as nature meant them to be—as nature planned all our functions, like digestion, breathing, etc., to be.

When you suffer periodical pains, like headache, backache, dragging-down sensations, pain in legs, arms, side, etc., it is because your weak female parts are in need of a tonic, that will give them the natural strength which they lack. This you will find in Wine of Cardui, the genuine, old, remedy and specific, for female diseases, which, for over 70 years, has been in constant use, in thousands of families throughout the country, during which time it has been of wonderful benefit to over a million women. CURRENT COMMENT.

—Who finally gets control of the Republican party in this State depends on who has the strongest pull at Washington.—Durham Herald.

—Senators Elkin and Foraker are in New York framing a railroad rate regulation bill, and it will no doubt be a very satisfactory bill—to the railroads.—Atlanta Constitution.

—Now that Mr. Bowen has been retired to private life and Mr. Loomis is about to retire, it would appear that it makes little difference what the late Secretary John Hay thought of either of them.—Norfolk Virginian-Pilot.

—So far, the list of South Carolina counties in which graft has been discovered include Richland, Greenville, Spartanburg, Edgefield, Barnwell, Hampton, Dorchester and Clarendon. Dispensary graft has existed in all of them except Greenwood and Marlboro.—Charlotte Observer.

—It does not follow, by any means, that the death of Alexander Dowie would mean the disintegration of the religious organization that he has built up. Joseph Smith's successors rule over a "Zion" that is a hundredfold greater than it was when he died and there is no reason to believe that the precedent would fail in the case of Dowie's cult. A religion dies hard and under the direction and care of able men, it can be kept alive long after its founder has passed away.—Chicago Chronicle.

—Here is a good fellowship story that is going the rounds: Give a man a 10-cent cigar and he will beam all over and love you for six hours; offer him the 10 cents with which to buy it for himself and he will throw it in your face. Give a man a pass to a show and he will call you a good fellow in all the languages at his disposal offer him the money to buy a ticket, and he will call you a fool. Ask a man to your home to take "pot luck" and he will jump at the chance; give him $2 and tell him to get a good meal at a cafe with your compliments, and he will knock you down. The dollar is mighty but it isn't warm.—Emporia (Kas.) Gazette.

—A man who has paid money for a trunk dislikes to see it dropped four feet out of a car door to a cement platform. It damages the trunk and rattles its contents. The handling of trunks is not a ribbon counter business and after a man has hadled 100,000 of them he naturally becomes somewhat callous. But each man's trunk is valuable to him, if not to the baggageman, and there would seem to be no more reason for deliberately breaking up trunks than for killing Chinamen because there are so many of them. This is one reason when a thoughless person carries dynamite in his baggage and it goes off and blows the top of the station about a million feet into the air that the traveling public reads of the accident with chastened joy.—Minneapolis Journal.

TWINKLINGS

—Wigg—"He had only known her a week when he proposed to her." Belle—"Yes, she's a lucky girl. If he had known her longer, he probably wouldn't."—Philadelphia Telegraph.

—Friend—"You appear to think that your responsibility is greater than that of the proprietor." Drug Clerk—"It is." Friend—"How do you figure that out?" Drug Clerk—"If I make a mistake, I lose my job."—Cleveland Leader.

—"Well," said Kwoter, "every dog has his day, you know." "Yep," growled the man who was troubled much, "but, unfortunately, some dogs are so constituted they don't seem able to tell day from night."—Philadelphia Press.

—Harduppe — "Hello," old man! They say you lost a lot of money on the races." Pacer (displaying a roll of notes, gleefully)—Ha! ha! That doesn't look like it, does it?" Harduppe—"No. Lend me a tenner, will you?"—Royal Magazine.

—"I'm glad I don't live in Germany right now," said the man who was trying to occupy three seats at once in the street car. "Im afraid of cholera." "No doubt you are." said his neighbor, savagely. "I know a farmer who had a whole drove die of it the other day."—Cleveland Leader.

—"So young Richey Kadd isn't to marry Goldie Stiles after all?" "No, he got scared." "And I understand they had even gone so far as to rehease for the wedding." "Yes, that was the real trouble. They had rehearsed five times and Richey said the preparations for matrimony were such hard work he was afraid he couldn't stand the real thing."—Philadelphia Press.

THE COTTON MARKET.

New York, October 7.—The cotton market opened steady at a decline of 1 to 8 points in response to lower cables and good weather. Selling at a net decline of 8 to 11 points, the market attracted increased demand from local shorts and during the middle of the morning rallied about 8 points from the lowest, showing a steadier tone though most of the demand was for covering and sentiment around the ring continued of a bearish average.

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on them get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

This column will be devoted to pleasant social mention of you and your friends. There will never appear in it, mere rumors or sensations, nor is it the intention of this writer to pry into your private affairs, or indulge in fulsome eulogies and sophistry. If at anytime a social function is given in which you are interested and the slightest objection on your part exists, your wishes will in every instance be respected.

Miss Jones last week started with her father for San Francisco, where they expect to remain for a few weeks. During their absence Mrs. Jones will occupy the Inchiquin villa at Newport, where the family has resided all Summer, and which they have just leased for next season."

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

J. A. White, electrician for the Coast Line Railroad, at Rocky Mount, formerly residing at 206 North Sixth street, says: "I had great trouble with my back, right across the loins, and when I sat still for a while I hardly knew how to move and when I did you would think I was seventy-five years old. There ere pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

REMARKABLE DEMAND.

Missouri Threatens to Revoke New York Life's License.

By Wire to The Morning Star

JJefferson City, Mo., Oct. 7.—State Superintendent of Insurance W. D. Vandiver today sent a communication to John McCall of the New York Life Insurance Company demanding that the $148,702 campaign fund contribution be replaced in the treasury of the company under penalty of revocation of the company's license to transact business in Missouri for failure to comply with the demand. The communication of Superintendent Vandiver also informs President McCall that the Missouri Department of Insurance will insist on a new president, vice president and financial committee for the New York Life Insurance Company just as soon as the directors can possibly effect the re-organization.

New York, October 7.—A dispatch containing the substance of Superintendent Vandiver's message to President John a McCall, of the New York Life Insurance Company, was shown to Mr. McCall to-day and he was asked if he would make public any reply to it. He replied: "I have nothing to say."

NEGRO SAVED FROM LYNCHERS.

He Was Tried on Train and Sent to Penitentiary.

By Wire to The Morning Star

Paducah, Ky., Oct. 7.—On board the same train on which he was returned to the scene of his alleged crime, Jas. Fowlkes, colored, charged with assault on a white woman at Clinton, Hickman county, was tried, convicted and sentenced to seven years in the penitentiary. Court was held in the baggage car on an Illinois Central trains because the authorities were afraid Fowlkes would be lynched if he was allowed to be taken off at Clinton. The negro was arrested in Clinton and brought here for safe keeping. Today Hickman county authorities started back with him. A telephone message told them to stay on the train as the people were talking of lynching. When the town was reached the court officers climbed aboard. Fowlkes never left the train except to change cars for Eddyville, where the penitentiary is located.

The practical effect of the order, it is said, will be to give Milliken control of the Laurens, S. Washington, Oct. 7.—Secretary Wilson announced today that a November cotton report would be issued by the Department of Agriculture, probably early in the month, but the exact date has not been decided. BRYAN PLATFORM WAS REJECTED

Remarkable Scene In Massachusetts Democratic State Convention at Boston

FULL TICKET NOMINATED

One Delegate Endeavored to Have Adopted a Platform Written by William J. Bryan—State Supervision of Ins. Companies.

By Wire to The Morning Star

Boston, Mass., Oct. 7.—General Charles W. Bartlett, of Boston, to-day was nominated by the Massachusetts Democracy for Governor. There were no contests for any of the places on the ticket. The remainder of the ticket nominated was:

Lieutenant-Governor — Henry M. Whitney, Brookline.

Secretary of State—Henry B. Little, Newburyport.

Treasurer and Receiver General—Daniel J. Doherty, Westfield.

Auditor—P. J. Ashe, North Adams.

Attorney General—John T. Leahy, Boston.

Up to the time that James E. Cotter, of Hyde Park, arose to place before the convention the name of General Bartlett as the gubernatorial candidate, it was believed that there would be a contest. Former Mayor John H. H. McNamee, of Cambridge, had announced that he would make a struggle for the honor for leading the party in the coming campaign. To the surprise of the convention, however, Mr. McNamee did not make any contest but seconded General Bartlett's nomination.

The platform adopted declares for a revision of the tariff and the free admission of coal, iron, lumber, hides, wood pulp and other materials; it commends the "diplomatic courage and sagacity" of President Roosevelt in aiding to end the war in the far East; calls for State supervision of insurance companies and recommends municipal ownership of public utilities.

Delegate Jeremiah Watson, of Boston, offered a substitute platform which was overwhelmingly voted down. During the reading of the substitute, the convention was in uproar, many of the delegates endeavoring to drown the sound of Mr. Watson's voice. Mr. Watson was interrupted with hisses and jeers, but as he several times announced that he would read the substitute if it took him all night, he was finally allowed to proceed. In response to an inquiry from the gallery as to the author of the platform, he stated that William J. Bryan was the author.

Just before adjournment, General Bartlett and Mr. Whitney entered the hall and were given a tremendous ovation. Both made brief addresses. General Bartlett closed by saying in reference to the November election:

"When the votes have been counted somebody will learn that there has been a fight."

The platform as reported was adopted, although a substitute was offered by Delegate Watson, who in answer to a question from the gallery, said it was written by Mr. William Jennings Bryan, of Nebraska. The substitute re-affirmed the financal views of Mr. Bryan, and advocated municipal ownership and Federal control of railroad rates, and of great industrial corporations and insurance companies.

FRAUD TRIALS AT GREENSBORO.

Arey Pays $24,000—Nick Williams Case Continued.

By Wire to The Morning Star.

Greensboro, N. C., October 7.—The first week of the session of the Federal Court has not proved nearly so sensational as was expected. A great many witnesses have been examined. The famous case of Nick Williams, indicted for fraud, has once more been put off, Judge Boyd giving the best of reasons for the extension. One of the most important cases was that against Mr. Arey, of Salisbury, N. C. He was indicted six months ago and was fined $24,000. Judge Boyd gave a stay of execution until the present term. Mr. Arey's attorneys were refused further time and he finally paid his fine and costs in full.

The only other case of any real interest was against George W. Samuels, an ex-revenue officer, charged with conspiracy, forgery and a dozen other charges. It came up before the judge last Friday and was continued on Saturady. The evidence waited most anxiously for is that of the two revenue officers who worked up the case. The case will be continued next week. It is generally expected that a least all of next week will be consumed in trying the cases still on the docket.

WANT LYNCH LAW APPROVED.

Texans Ask Governor to Let Mob Have Their Way.

By Wire to The Morning Star.

Chicago, Oct. 7.—A dispatch to the Tribune from Houston, Texas, says: A petition from a number of citizens headed by G. W. Knight, of San Marcos, has been presented to Governor Lanham asking that the State permit mob punishment of negroes who assault women. The governor is asked to endorse a policy of absolute unprotection to negroes guilty of assault, insuring that they be given no trial, by legal inquiry of any kind, and that they may be hanged instantly as soon as apprehended. Governor Lanham's response principally is directed to the legal phase of the proposition. It is set forth that it is impossible for him to countenance the policy in view of the oath of office and the State legislation, which he is bound to protect.

ROOSEVELT'S SOUTHERN TRIP.

Disapproves of Separate Receptions for Whites and Blacks.

By Wire to The Morning Star

Mobile, Ala., Oct. 7.—Through Mayor Lyons, the general committee of arrangements for the reception of President Roosevelt, submitted the proposed programme for his approval. To-night a letter was received from his secretary disapproving of the second meeting for negro citizens and the public reception, stating that the President could make but one speech in Mobile and suggesting a drive in lieu of the public reception.

POLICY HOLDERS TAKE A HAND.

Lawson Wants Insurance Companies' Squandered Funds Returned.

By Wire to The Morning Star.

Chicago, Oct. 7.—A dispatch to the Record-Herald from Jefferson City, Mo., says:

Governor Folk last night received a telegram from Thomas W. Lawson asking him to accept a place with other Governors on a protective committee for the policy holders to demand restitution of money by the Mutual, New York Life and Equitable companies and to "punish guilty officials." The Governor is very busy and probably will not be able to accept the position.

Boston, Mass., Oct. 7.—The telegram received by Governor Folk, of Missouri, from Thomas W. Lawson, of Boston, was sent by Mr. Lawson in connection with a movement to form a committee, including the Governors of several States and other persons of prominence, to secure restitution of funds alleged to have been wrongfully used by large insurance company officials, and the punishment of those guilty of criminal action in connection therewith. Mr. Lawson's telegram follows:

"Will you, with other Governors and strongest representative men of the country, serve on a policy holders' protective committee of the Equitable, New York Life and Mutual companies? Committee unfettered except it is to take possession of New York Mutual and select directors and controllers who shall be pledged to obtain restitution from and punishment of Equitable wrong doers. No expense to come nor travel. Come to represent no faction and obligated to no one except policy holders. It has been decided you should represent our section in this sacred duty. Kindly wire answer at my expense. This is vital. You will not be bound until other members' names are submitted to you."

IN UNCLE SAM'S CLUTCHES.

Gaynor and Greene Now Being Hurried to Savannah.

By Wire to the Morning Star.

Montreal, Oct. 7.—John F. Gaynor and Benjamin D. Greene left for the United States on the Delaware and Hudson train at 8:40 this morning, accompanied by secret service men.

New York, Oct. 7.—John F. Gaynor and Benjamin D. Grene, arrived from Montreal at 8 o'clock tonight in charge of secret service officers and United States marshals. They were taken at once to the Pennsylvania depot. The party leaves for Savannah at midnight.

Gaynor was permitted by his guards to shake hands with L. Laflin Kellogg, who defended the prisoners before Commissioner Shields and represented Captain Carter at the court martial which resulted in the latter's conviction. Gaynor was overheard to say that he wished they had followed Kellogg's advice. Mr. Kellogg afterwards explained that he had advise his clients to stand their ground and warned them that flight might be taken as an admission of guilt. "It was Greene's pride that took them away," said Mr. Kellogg.

FEVER RECORD FOR SATURDAY

New Orleans Reported Twenty-Nine New Cases and Feels Encouraged

TOTAL 3,176 CASES DEATHS 410

Crescent City Preparing for Roosevelt's Visit—Pensacola Made Bad Showing With Fifteen New Cases.

By Wire to the Morning Star.

New Orleans, Oct. 7.—The following is the official summary of the yellow fever record in New Orleans up to 6 P. M. to-day:

New cases today, 29; total cases to date, 3,176.

Deaths today, 3; total deaths to date, 410.

New foci, 8.

Under treatment, 207.

Discharged, 2,559.

At the close of the eleventh week of the struggle against yellow fever, the health authorities summed up the situation tonight as full of encouragement.

Arrangements for the President's reception and entertainment are progressing and every effort is to be made while he is here to convince him that in New Orleans fear of the fever has entirely passed. The route of the procession to the City Hall will carry him past Lee monument on the immense circular mound of which there will be gathered several thousand school children armed with American flags to give a partiotic greeting. The streets through which the president is to be escorted are to be decorated on a lavish scale.

Improvement at Natchez.

Natchez, Miss., Oct. 7.—There was a substantial depreciation in the number of new cases of yellow fever today. Only two cases reported, one white and a negro, both in an already infected block. Summary: New cases, 2; new foci, none. Total cases to date, 131 Total foci, 47. Total deaths, 7. Under treatment, 30. Discharged, 3.

Nine Cases at Vicksburg.

Vicksburg, Miss., Oct. 7.—Nine cases of yellow fever was the record for today. Although the official bulletin issued at 6 P. M. shows only three, six cases were reported after 6 o'clock.

The falling off of new cases during the past two days is attributed to lack of thorough inspection.

The trial of Dr. R. A. Quinn, for alleged failure to report yellow fever cases has thrown the town into a turmoil and as nearly every physician in the city has been in attendance of the court.

Jackson, Miss., Oct. 7.—The State Board of Health has issued an order forbidding boarding schools and colleges in the State to open before November 1, on account of the yellow fever infection.

Fifteen More Cases at Pensacola.

Pensacola, Fla., Oct. 7.—Fifteen new cases and one death is the fever report for today and it shows some improvement of the reports for the past few days. It is better in fact than the health authorities expected and there is consequently a great deal of encouragement felt over it. The number of suspicious cases under observance is small and altogether the situation looks much brighter than it did a few days ago.

Yellow Fever in Mexico.

Mexico City, Oct. 7.—The superior board of health reports three new cases of yellow fever at Coatzacoalcos. Two new cases occurred at Vera Cruz and one case had been discharged as cured. There are still three cases at Tezonapa.

COMING TO-MORROW NIGHT.

Effie Ellsler in Old Favorite That Made Her Famous.

"Hazel Kirke," the play without a villian, without an unclean suggestion, the play that might with propriety be given in a church, will be presented at the Academy to-morow night. This in itself is an interesting prospect, but what makes the event of uncommon importance is the fact that Effie Ellsler, who created the title role and who is the only actress who ever portrayed it in a manner that left nothing to be desired, will be seen in her original role. And what makes the occasion of further significance is Miss Ellsler's determination not to tour in the play again after this season. It was only with great difficulty that Manager Jules Murry induced her to go into this revival. Her affection for the role, in which she won her lasting fame, and the beauty of the production as designed by Mr. Murry were the deciding factors. Not even when at the Madison Square Theatre, New York, was "Hazel Kirke" as handsomely mounted as those of our playgoers, who see the forthcoming performance, will find it. While "Hazel Kirke" may be called a strong lesson for good, it is neither dry moralizing nor aggressive evangelism. First and foremost it is a play, written and acted as a theatrical entertainment, and no play ever contained situations more intensely dramatic or more brightly humorous. The lessons are taught indirectly—almost without knowledge of the spectator. Seats may be purchased at Plummer's.

Jewish Day of Atonement.

The Jewish "Day of Atonement," one of the most solemn feasts on the Hebrew calendar, will begin at sunset to-day and close at sunset to-morrow. The day will be observed by all orthodox Jews by fasting and prayer. The services in the Temple of Israel will be conducted by the rabbi, the Rev. Dr. S. Mendelsohn, and will begin this evening at 6 o'clock, the service lasting several hours. A special sermon will be preached. On Monday the service will begin at 10 o'clock in the morning and will continue until the sun has set and the day closed.

AT THE LUMINA.

Afternoon Concert and Half Hour Schedule on Cars.

As usual on Sunday afternoons there will be music at Lumina this afternoon. The season for the Winter is now fully inaugurated at that pleasurable resort and oyster roasts and other refreshments are served "while you wait." Cars will be operated every hour from 9 A. M. to 1 P. M., and every half hour from 1 P. M. to 8 P. M. to-day

IN THE SUPERIOR COURT.

Monk Suit Continued Until Monday for Want of Jurors.

Nothing was accomplished in the Superior Court yesterday, a recess having been taken at 11:30 o'clock until 10 A. M. to-day. The court opened with the resumption of the Monk case, but it was soon seen from the limited number of regular jurors and the few talesmen summoned for the day that it would be impossible to get a jury for the hearing of the cause. Only four men had been agreed upon by both sides when the panel was exhausted and Judge Allen ordered that all be discharged and that on Monday at 10 A. M., a special venire of 40 men be returned with the regular jury of 18 for the second week and that the trial proceed anew.

A motion was made in the case that the plaintiffs be requested to give bond for the maintenance of the suit. The original action was brought by J. W. Monk in forma pauperis, but since that time he has died and his heirs, Thos. Kenan and wife, have become the plaintiffs. It was set up that the new plaintiffs were able to furnish the security for the costs of the action in case the suit is decided against them but, as a matter of law, the motion was overruled by Judge Allen. Messrs. Rountree & Carr make special appearance in the case as counsel for Mrs. W. A. Wright, whose interests are almost identical with those of the city.

Board of Aldermen to Meet.

The Mayor has called a special meeting of the Board of Aldermen tomorrow night, a call to that end having been promulgated among members of the council yesterday. The object is not stated in the call, but it is understood that the principal matters are the question of drainage on North Fourth street, the paving of foot of Grace street and matters pertaining to sidewalks in the city. However, any matter may come up by unnanimous consent and the meeting will probably be interesting enough to make the reporters sit up straight and hold together the usual number of spectators beyond the rail in the council chamber.
